Record Your Attendance

UAB ST. VINCENT

If you:	Step 1	Step 2	Step 3	Information
Have <u>NO</u> IPCE profile	Visit to create a profile: https://uab.cloud-cme.com **When creating your profile use the login that indicates your email and password not the UAB Blazer login.**	Pair your mobile phone (to text in your attendance) to your account in CloudCME® by texting your email address to **(855) 788-6536** (this only needs to be done once) - see directions below	**Want to use the CloudCME App** (Scan attendance with QR Code with Phone) **Download the CloudCME APP** In your phone search your browser search CloudCME® check in or CloudCME® mobile app and download to your Apple or Android device(s) to access the Check-in menu and scan the QR code provided for the activity. GET IT ON Google Play Download on the App Store **<u>Organization code:</u>** UAB	**Text the Activity ID to (855) 788-6536 or scan the QR Code within *<u>120 minutes</u>* of activity end.** To receive credit all attendees must complete the evaluation assigned to the activity. For more information call (205) 532-7408 or contact your Planner for this activity.
How to Check In for Grand Rounds, Case Conference, and/or Live activities:	**1. <u>Via mobile app</u>** – in your browser search CloudCME® check in or CloudCME® mobile app and download to your Apple or Android device(s) to access the Check-in menu and scan a QR code. This app also features mobile access to your transcripts, access to the calendar of events, and many other exciting features! **2. <u>Via text message</u>** – A distinct code will be provided for each Grand Rounds, Case Conference, and/or Live activities. If this is the first time you are texting your attendance, you must first pair your mobile number to your account. Text your email address to: **(855) 788-6536** to opt-in to the text message attendance program.; You will receive a text notification indicating your phone number has been updated. Once your account is paired to your mobile number and you have obtained the event code, send the code via text to: **(855) 788-6536**. Please note, attendance can only be recorded 60 mins. prior to the activity start time, during the activity and up to 120 minutes after the activity closes.			

Steps to view classes:

- The day before or the day of the class make sure you have your profile built in the UAB Cloud https://uab.cloud-cme.com
- Either get the Activity ID# or the QR Code from the email or the link (livestream) at the following: https://www.ipcelp.com
- You will have 60 minutes prior and 120 minutes after the class to either use the activity ID# or the QR Code to send in your attendance
- View the activity and return to your the UAB cloud under My/CECME and click on the evaluation icon to complete - evaluations are required to receive CME/CEU credits
- Participants at any time can go into the UAB Cloud, login and go to MY/CECME and download their transcript of all of the classes they have attended

Commercial Support: No commercial interest was received for the CE/CME activities.

Learning Objectives:
11A:
*Understand TOAST criteria and how this framework guides stroke workup
*Choose appropriate antithrombotic regimen for secondary ischemic stroke prevention
*Understand the updated cholesterol guidelines and how they relate to stroke patients
*Understanding stroke risk factors, prevention strategies and treatment options, the health care team can provide better patient care and vastly improve outcomes
12N:
*Describe the main types of medical AI (predictive models, generative LLMs, foundation models and AI agents), and identify at least two current applications in clinical care and two in biomedical research, including drug discovery and clinical trials
*Distinguish benchmark or simulated performance from demonstrated patient benefit, using an evidence-tier framework, when appraising a published AI study or vendor claim
*Apply a five-question checklist to decide whether and how to use an AI tool in their own practice. The checklist covers evidence tier, appropriate comparator, uncertainty, workflow fit and governance, and includes safeguards against hallucination and automation bias

Faculty/Planner Disclosures:
It is the policy of the University of Alabama at Birmingham Marnix E. Heersink School of Medicine Interprofessional Continuing Education Partnership (ICEP) to identify, mitigate and disclose all relevant financial relationships with ineligible companies* held by the speakers/presenters, authors, planners, and other persons who may influence content of this accredited continuing education (CE). In addition, speakers, presenters and authors must disclose any planned discussion of unlabeled/unapproved uses of drugs or devices during their presentation. For this accredited continuing education activity, all relevant financial relationships have been mitigated and disclosures on Page 2 & 3.

** Ineligible companies are those whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. The ACCME does not consider providers of clinical service directly to patients to be ineligible company*
